

## **PAPER SUBMISSION**

Authors are invited to submit full papers in English of not more than 6 pages (including figures, tables & references) in IEEE double-column format. Submissions must present original work that has not been previously published, and is not under submission elsewhere. All articles will be reviewed for scientific quality by the Technical Program Committee and external reviewers.

Submissions should use the general IEEE template

### **PDF Instructions for Authors (Using IEEE PDF eXpress)**

The most common difficulty faced by authors is the creation of IEEE compliant PDF version of their paper. We have subscribed to IEEE PDF Xpress service to assist authors in converting their files to PDF files that meet IEEE PDF compliance criteria. Please note that PDF Xpress only creates the PDF files for you, and you should still submit the converted file to Online Submission section.

**Creating IEEE Xplore-compatible PDFs by YOURSELF for using IEEE PDF eXpress™**

- Create your manuscript(s).
- Proofread and check layout of manuscript (it is highly recommended that you do this BEFORE going to IEEE PDF eXpress.).
- Create IEEE PDF eXpress account.
- Upload source file(s) for Conversion and/or PDF(s) for Checking.
- IEEE PDF eXpress attains full IEEE Xplore-compatible PDF files.
- You will receive an email with your Checked PDF or IEEE PDF eXpress-converted PDF attached.
