3. Approval of proposals of Incubatees with final prototype and send information to the Department of Industries for further necessary action.
4. To review the progress of the incubatees already enrolled in the incubator center.

Minutes of Meeting

1. The Committee was headed by Hon'ble Vice –Chancellor, Hon'ble Director & Academic Head, JUIT and other Committee members present were Ms. Neha Chauhan and Mr. Nitin Gupta from DIC, Solan, Dr. Ashish Kumar, Dr. Nishant Jain, Dr. Rajiv Kumar, Dr. Gunjan Goel. The VC, JUIT welcomed all the committee members.
2. Discussion and progress update of total Twelve Incubatee application forms received through HPCED was discussed. Twelve Incubatees named Mr. Anuj Sharma, Mr. Anil Singla, Mr. Bhanu Uday, Mr. Sairas Negi, Mr. Yatin Machaan, Miss Saras Gupta were already registered as Incubatees. Mr. Vishal Sharma, Mr. Ankush Bansal, Ms. Supriya Sharma, Mr. Ankit Kashiv, Mr. Dhruv Mohan Kapil and Mr. Raja Gaurav were invited for discussion with screening committee.
3. Among the Twelve incubatees, eleven incubates named Mr. Anuj Sharma, Mr. Anil Singla, Mr. Sairas Negi, Mr. Yatin Machaan, Miss Saras Gupta, Mr. Vishal Sharma, Mr. Ankush Bansal, Ms. Supriya Sharma, Mr. Ankit Kashiv, Mr. Dhruv Mohan Kapil and Mr. Raja Gaurav joined for the meeting..
4. The progress of five incubatees was discussed and monitored. The incubatees were suggested to contact their mentors frequently and provide the progress well in time. The detailed comments/suggestions are appended below:
 - **Anuj Sharma:** The prototype is ready with website localguy.in. The incubatee is suggested to look for the marketing strategies to meet the profit and capture the market. The business model needs to be more focused. **(MENTORING and sustenance allowance-continued)**
 - **Uday Bhanu:** The candidate is working on the prototype. The business model needs to be more focused. **(MENTORING and sustenance allowance-continued)**
 - **Anil Singla:** The incubatee himself didn't attend the meeting second time in the row. The representative was not able to state the progress of the project after March onwards. There was no clarity in the development stage of the product. The incubator cell did not see any role in the incubation of the idea in our center as the candidate has its own business analyst and well versed experts. It seems that the applicant needs to avail this incubator facility to get connected with HP Govt. There was no survey data, how the product will be useful for the residents of HP **(proposal needs to be relooked and verified through personal visit to working place of Incubatee)**
 - **Yatin Machan and team:** Incubatee has been advised to contact his mentor on regular basis for further improvement in their project. The candidate has assembled device with tools procured from other companies he is not in contact with his mentors on regular basis. The devices need to be verified and validated by the Mentor. The product needs to be improved in terms of internet connectivity in the remote regions. The business models needs to be clarified. **(MENTORING-continued, recommended for Sustenance allowance from April 1, 2018 onwards)**
 - **Saras Gupta:** The candidate is working on the prototype development. The shoes are ready however, the candidate is planning to fit the prototype into the shoe sole. The weight increase in the shoe needs to be looked after and the sensitivity of the shoe sensors to detect the hindrance needs to be more focussed. **(MENTORING-continued, Sustenance allowance from 1 April, 2018)**
 - **Sairas Negi:** The prototype is ready with improved device. The candidate needs assistance in patenting. He has been advised to contact Dr. Aparna Sharma (aparnasarin@yahoo.com) or Ms. Ritika Kanwar (ritikaknawar15@gmail.com) of Himachal Patent Information Centre (HPPIC) Shimla for patent filing of his design/prototype. The reimbursement of patent filing cost will made as per CM's startup/innovation projects/New Industries scheme. The adjustment of the device/ system in

the cars needs to be clarified. (MENTORING-continued and sustenance allowance from 1st April, 2018)

5. The proposals from six new applicants were discussed and recommendations were made. Out of six, two were recommended for sustenance allowance and mentoring from May 1, 2018 onwards and the two were advised to resubmit the project proposal. One proposal was not recommended and one proposal was recommended to contact DIC Solan. The details are below:
- **Ankit Kashiv:** The project is an idea stage as the candidate is looking for starting up a resort based on green energy concept, however, more R&D needs to be done in this regard. The project may be feasible in future and the candidate is recommended to resubmit the project with clear aims and objective. The project is simply focussed to start Resort near Kausali, for which candidate is already having land. Committee has advised the candidate to apply under different scheme available through District Industries Centre, Solan H P. As per candidate's information the same project is planned to be submitted under STANDUP India for women empowerment. **(Refer to District Industries Centre, Solan H P. For financial assistance)**
 - **Ankush Bansal:** The candidate is advised to go for survey on the requirements of the farmers. The project needs to be resubmitted with proper field survey which could show that whether there is demand of the proposed web application or not. As this kind of information is already provided from other agencies and the innovation needs to be addressed in the resubmitted proposal. **(RESUBMIT)**
 - **Raja Gaurav:** The candidate has experience on the field of water resource and aims to establish in the field of Rain water harvesting. They are working as consultant in the rainwater harvesting systems. They are focused to promoting water conservation. The idea is good from the point of view of sustainable development and also it is demand of present scenario particularly in the place where water is in scarcity. Some innovation has been put in the water purification system and on other parts also which needs to be verified and updated if required. The business models need to be more elaborated and there is need to work out on this aspect. **(MENTORING- Sustenance allowance may be provided from May 1, 2018)**
 - **Supriya:** The idea is innovative and in the phase of prototype development. The candidate needs to work on the availability and feasibility to procure products from different regions of the state. The candidate is running a firm with 10-12 people working there. The candidate needs to propose firm business plan. **(MENTORING- Sustenance allowance may be provided)**
 - **Dhruv Mohan Kapil:** The scope and feasibility of the idea needs to be reinvestigated and reviewed. The applicant is advised to refine the roadmap of the project. There was no business model plan. The applicant is advised to resubmit the proposal. **(RESUBMIT)**
 - **Vishal Sharma:** The project seems to be unrealistic to the needs of the residents of Himachal. The incubatee is working on the same business plan in Australia and proposing the same for the city like Solan. It is more or like extension of business plan in India and committee feels that there is no need of mentoring in this case. The candidate can apply in any other scheme available through District Industries Centre, Solan H P. A proper feasibility survey report has not been worked out and prepared. The candidate needs to overlook on his idea in context with Himachal. **(NOT RECOMMENDED)**
6. One candidate Mr Neeraj also attended the meeting and presented his idea. However, he has not submitted his proposal till date. He has been advised to submit the proposal so that it can be evaluated by the committee.
7. After sending the reminders, we did not receive any response from five applicants, therefore they were suggested to be closed. The applicant names are: Mr. Dilpreet Singh, Mr. Jayendra Gupta and Mr. Girdhari Lal, Mr. Akshat, Mr. Bhuwan Sharma.

8. The summary of the recommendations is as follows:

6. Dr. Nishant Jain, Assistant Professor, Dept. ECE, JUIT Waknaghat.
7. Dr. Rajiv Kumar, Associate Professor, Dept. ECE, JUIT Waknaghat

Agenda:

1. To review the proposals given by the applicants and suggestions to be made to the new applicants to improve the proposals.
2. Overall recommendation of Screening Committee as per the format of Start-up/Innovation Scheme.
3. To review the progress of the incubatees already enrolled in the incubator center.
4. Approval for the closure for the Proposals having no response from the applicants.

Minutes of Meeting

1. The Committee was headed by Hon'ble Vice -Chancellor, JUIT and other Committee members present were Ms. Neha Chauhan and Mr. Nitin Gupta from DIC, Solan, Dr. Ashish

Kumar, Dr. Nishant Jain, Dr. Rajiv Kumar, Dr. Gunjan Goel. The VC, JUIT welcomed all the committee members.

2. Discussion and progress update of total eight Incubatees and fourteen new applications received through HPCTED was discussed.

- a) The Incubatees named Mr. Anuj Sharma, Mr. Anil Kumar, Mr. Bhanu Uday, Mr. Sairas Negi, Mr. Yatin Machan, Miss Saras Gupta, Miss Supriya Sharma and Mr. Raja Gaurav were invited for the discussion on their progress.
- b) Miss Akshita Sharma, Miss Kiran Devi, Mr. Dhruv Mohan Kapil, Mr. Harshendra Tiwana, Mr. Rohit Kumar Nath, Mr. Sanoj Kashyap, Mr. Ishan Aukta, Mr. Pulkit Aggarwal, Mr. Akhilesh Kumar, Mr. Parful Chauhan, Mr. Shikhar Srivastava, Mr. Hans Raj, Mr. Siddharth Karta, Mr. Prem Mahant were invited for the first time for the discussion with screening committee.
- c) Among the twenty-two participants, four incubatees named Mr. Anuj Sharma, Mr. Sairas Negi, Mr. Raja Gaurav, Mr. Bhanu Uday Kanwar and nine new applicants Miss Akshita Sharma, Mr. Sanoj Kashyap, Mr. Ishan Aukta, Mr. Pulkit Aggarwal, Mr. Akhilesh Kumar, Mr. Parful Chauhan, Mr. Hans Raj, Mr. Shikhar Srivastava and Mr. Prem Mahant joined for the meeting.
- d) The incubatees were suggested to contact their mentors frequently and provide the progress well in time. The detailed comments/suggestions are appended below:
 - o **Anuj Sharma:** The prototype is ready with website localguy.in. The incubatee is suggested to look for the marketing strategies to meet the profit and capture the market. The business model needs to be more focused. (**MENTORING and sustenance allowance-continued**)
 - o **Uday Bhanu:** The candidate is working on the prototype. He has been suggested to make a concrete plan of his idea and should submit it in the next screening committee meeting. The business model needs to be more focused. (**MENTORING and sustenance allowance-continued**)
 - o **Anil Singla:** The incubatee himself didn't attend the meeting third time in the row. In the last two meetings, the representative was not able to state the progress of the project after March onwards. As the candidate is not responding, never had contact with his mentors, therefore the screening committee recommended the rejection of his enrolment as an incubatee. (**REJECTED**)
 - **Yatin Machan and team:** The Incubatee could not attend the meeting as he has met with an accident. However, the progress is continually monitored by the mentors and incubator cell. (**MENTORING-continued, recommended for Sustenance allowance from April 1, 2018 onwards**)
 - **Saras Gupta:** The candidate is working on the prototype development. The shoes are ready however, the candidate is planning to fit the prototype into the shoe sole. The weight increase in the shoe needs to be looked after and the sensitivity of the shoe sensors to detect the hindrance needs to be more focused. (**MENTORING-continued, Sustenance allowance from 1 April, 2018 onwards**)
 - **Sairas Negi:** The prototype is ready with improved device. Suggestions were made to access the device in different situations of driving. The candidate was suggested to prepare a small scale model to present before the committee. He has been advised that he should prepare tentative expense model required to develop small scale model. The progress is satisfactory. (**MENTORING-continued and sustenance allowance from 1st April, 2018 onwards**)

- **Raja Gaurav:** The candidate has designed a water filtering device and presented before the screening committee. The progress is satisfactory (**MENTORING- Sustenance allowance may be provided from May 1, 2018**)
- **Supriya:** The candidate was not present due to some urgent work at home. She has been told to submit her progress report for the month of May 2018 (**MENTORING- Sustenance allowance may be provided from May 1, 2018**)

e) The proposals from nine new applicants were discussed and recommendations were made. Out of Nine, three were recommended for sustenance allowance and mentoring from July 1, 2018 onwards and the two were advised to resubmit the project proposal. One proposal was not recommended and one proposal was recommended to contact DIC Solan. The details are below:

- **Akshita:** the candidate was not having a concrete idea about her business plan. She was advised to get connected to any event management team to get the exposure of event management. She has been advised to collect the basic data regarding event management and improve her plan as per advice (**RESUBMIT**)
- **Sanoj Kashyap:** The candidate wants to create staying facilities for tourist in villages and jungles for that he needs to create all basic amenities in the middle of jungle as well as in the villages at the same time he is focusing on sustainable development through solar energy, bio energy and rain water harvesting. He needs to work out on the construction, design and planning of a backpacker house/Castle games house. So in view of that he should be transferred to engineering based incubation facility. The applicant has already developed a web-portal regarding his project. The screening committee feels that proposal is not in the scope of incubator center as he is working in the field of eco-tourism. He may be transferred to any other incubator facility or may apply in any other scheme offered by Dept. of Industries, H.P. (**SUGGESTED TO TRANSFER IIT MANDI/ IIT HAMIRPUR**)
- **Ishan Aulakh:** The candidate was transferred from IIT Mandi to JUIT. Since then he stated that he has been working on the idea, however the committee did not find any significant or concrete work plan of the idea. The idea seemed to be impractical and not feasible in terms of technology and economical viability. (**REJECTED**)
- **Pulkit Arora:** As already the candidate has prepared an app DIGI-SUCHNA which is already in use at IIT. The proposal is viable, however, the candidates need to bring out the point how this app improves existing services. The team claims to come up with better solution than the existing one to be justified and compared with the existing services. (**RECOMMENDED**)
- **Akhilesh:** The candidate's idea is good, however, in present situation it is not recommended. The candidate is recommended to resubmit his proposal after suitable background work. (**RESUBMIT**)
- **Shikhar:** The candidate is planning a small startup business. The primary level prototype could be developed in around 2-3 months. The candidate was advised to look for the possible support from the proposed incubator. (**RECOMMENDED**)
- **Praful Choudhary:** The candidate has a startup business and will certainly help to overcome the difficulties of the applicant in IIT. The candidate needs to rework on the competitive analysis of the market of the startup. (**RECOMMENDED**)
- **Hans Raj:** The candidate is already working on the idea for the last two years at Panchajanya. The candidate needs to develop a flow of the activities in an

organized manner. Needs support on development of a web portal.
(RECOMMENDED)

- **Prem Mahant:** The idea is good and belongs to engineering field mainly mechanical. The candidate also belongs to district Mandi, therefore, the committee suggested to transfer his project to IIT Mandi (TRANSFER)

2. Discussion and progress update of total fifteen new applications received through HPCED was discussed.
 - a) Mr. Anil Attri, Mr. Shyam Kedia, Mr. Manohar Lal, Mr. Sanoj Kashyap, Miss. Akshita Sharma, Mr. Dhruv Mohan Kapil, Mr. Neeraj Dhiman, Mr. Puneet Thakur, Mr. Pulkit, Mr. Akhilesh Kumar, Mr. Anmol Verma, Mr. Sidharth Kasta, Mr. Sachin Kumar, Mr. Ashwani Kumar, Mr. Pallav Jain were invited for the first time for the discussion with screening committee.

- b) Among the Fifteen participants, seven applicants Mr. Sanoj Kashyap, Mr. Sidharth Kasta, Mr. Sachin Kumar, Mr. Dhruv Mohan Kapil, Mr. Puneet Thakur, Mr. Anil Attri, Mr. Akhilesh Kumar joined for the meeting.
- c) The proposals from Seven new applicants were discussed and recommendations were made. Out of Seven, three were recommended for sustenance allowance and mentoring from November 1, 2018 onwards, one proposal was accepted for mentoring support, one proposal was rejected. In case of two other proposals, their prototypes were ready and there was no need of mentoring service. The details are below:

- **Sanoj Kashyap:** The applicant wants to create a mobile app and web page for the vendors and distributors for the sale and purchase of goods. This will simplify arduous Order Taking, Payment confirmation and sales recording, specifically for vendors & distributors working for hotels, Institute and market. The idea seems good. He needs mentoring support to develop the prototype as well as to refine the idea. He also needs support to develop business model. Mentoring support and IT based infrastructure support will be provided by the incubation center. Committee is of the opinion that sustenance allowance will be recommended on the basis of his performance in next three months
- **Sidharth Kasta:** This proposal seems useful for the people of Himachal Pradesh as their transportation system depends almost entirely on buses. This project requires lots of Technical department expertise (algorithm design and data storage) and marketing strategy. He needs to develop mobile app for the easy bus service. The idea is in initial stage and needs to be refined. He requires mentoring support from host institution. **Recommended WEF 1st Nov. 2018**
- **Sachin Kumar** The applicant is working on e-pathshala and e-market place web based applications. The web app e-pathshala will be available for schools for the students learning purpose as well as for marking attendance and for other administrative purposes. The second app/web portal focuses on the business side specially to provide such as books, stationeries and uniform etc. to schools. The applicant has already developed website/mobile app. He also needs financial marketing/financial support for publicity. The idea is good and has potential for employment generation.
Applicant needs only incentives of scheme such as marketing financial support. Also he is seeking for other benefits of the scheme. Submitted for your direction please as there is no requirement of mentoring and Prototype has already been developed.
- **Akhilesh Kumar:** The applicant is primarily working on selling of second-hand books through e-commerce web portal. The project idea is good; however, a lot of online books are available through commercial web sites also some books are freely available on the internet. Keeping in view committee does not find it suitable for startup.
- **Dhruv Mohan Kapil:** The applicant is working on traffic mentoring system. The idea seems good and practical and may be converted to commercial product. They are working on intelligent transport system. The needs to design a prototype to test their traffic monitoring system. The project is useful for metro Politian cities.
Mentoring and Sustenance allowance and basic raw material (electronic) for development prototype. WEF 1st Nov. 2018

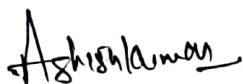

- **Puneet Thakur:** The applicant is developing an app and website for the farmers and buyers so that farmer can sell their products directly to the vendors/whole sellers specially for the Himachal Pradesh region. It is in idea stage and applicant needs mentoring support to develop his portal. **Mentoring Services and Sustenance Allowance WEF 1st Nov. 2018**
- **Anil Attri:** The applicant project focuses on travel industry and currently publishing a travelling magazine. Through this magazine they are promoting handcraft local cuisines, culture, practices, organic farming, and home stay at local places for the tourist. He has already published printed copies of magazines and is running his own web portal from where one can subscribe for magazine and also number of videos are available on tourism related to travelling. The applicant does not need any mentoring support from host institution however they seek support in terms of marketing financial support for proper advertisement of the magazine also he is seeking for other benefits of the scheme. The applicant does not need any mentoring support from host institution. He seeks support in terms of marketing financial support for proper advertisement of the magazine. Also he is seeking for other benefits of the scheme. Submitted for your direction please as there is no requirement of mentoring and Prototype has already been developed.
