JUIT YOUTH CLUB (JYC)

ABOUT JYC

Having been through school life we all imagine that college life would be the same, if not more stressful; same never-ending classes, exams and uncountable assignments; leaving us with no time to enjoy life as we did in school. But this is so not true. College life in itself is an adventure that one embarks on from the moment they enter the college which has its fair share of new experiences. But the main highlights to anyone's college life are events that happen within the college that are full of life and enthusiasm. Our college has lots of events each academic year and all are planned by the JUIT Youth Club (JYC).

The JUIT Youth Club (JYC) is an autonomous student body, responsible for organising various events throughout the year. The JYC team works hard in planning events to the tiniest of details and then executing these plans with perfection. Student members of the JYC put in their efforts to ensure everything from event arrangements, proceedings to inviting guests and faculty goes on smoothly. Students work really hard, without any inhibitions regarding time or effort to make these events successful.
