Agenda for the Board of Studies Meeting in the departments of CSE and IT- Oct 2014

Point No 1.: Transition from ICT to IT

The UG program in IT has been successfully running from 2002 to 2010 and the same has been accredited by NBA in 2009. From 2011 onwards it was decided to rename Information Technology to Information and Communication Technology (ICT) and accordingly the enrolments in 2011, 12 and 13 were in the ICT. Consequent to change from IT to ICT some changes were made in the curricula. It has now been found unviable to continue the program in ICT as this program does not exist in the UGC list. It is therefore proposed to reverse the decision and revert the programme title to IT instead of ICT.

The original approved IT curriculum is proposed to be continued for the batch 2014-18 onwards. For the batches 2011-2013 transition curricula is given below. In the transition curricula it is ensured that the course content of the original IT curricula is fully covered. It is therefore proposed to approve the following.

- (a) ICT be converted back to IT.
- (b) Original IT curricula be followed for the batch 2014-18 batch onwards.
- (c) Transition curricula as given hereunder be followed for the batches 2011-15, 2012-16, 2013-17.
